

## Sutton Speaks to Farmers on Timely Topics

R. G. Sutton, of the Land Settlement Board, Prince George, and a representative of the Agricultural Department, addressed the Terrace farmers in Progress hall on Friday night. He commended the efforts being made to secure co-operative efforts on the part of the farmers and assured his hearers that if they could not carry their own burdens they would not likely to get them carried at all. He urged that every farmer should put his best thought as well as his labor into his soil and with reasonable weather conditions they might be assured of success. Many other matters were discussed in detail and a helpful address was followed by answering questions put by his hearers. The speaker was assured of the appreciation of those present.

### Opening Waterways

Improvements on the waterways north of Stuart Lake, Central British Columbia, which are being made by the Dominion government, are expected to open navigation for good-size boats for a distance of more than 200 miles, from Stuart Lake to Takla Landing in the Omineca mining district, the Vancouver World states. Lack of transportation facilities in this district has made it necessary to use pack trains for carriage of ore and supplies. With the opening of the waterways, it is expected the district will draw many tourists and a company has been organized to develop the Stuart Lake and country north to attract hunters and fishermen.

### MORE SPRUCE LOGS FOR LAKE SUPERIOR

The Hanson Lumber & Timber Co., of Hanall, has just completed another contract for boom logs for the pulp mills on Lake Superior. Twenty-four-inch spruce logs are used and during the past week about seventeen carloads of this material have been shipped east. This is the third contract for boom logs the above company has filled, and the prospects are very bright for quite a development of this branch of the timber industry in the north. There is a very large stand of spruce timber on the lower Skeena just suited for this purpose.

Andy Ruddy's storehouse at Burns Lake was broken into last Friday night and beaver skins to the value of \$3,000 were stolen. The provincial police are working on the case, but to date no arrest has been made in connection with the robbery.

## Put Higher Tax on Fuel Oil from United States

For the avowed purpose of protecting the coal mining industry in British Columbia, Hon. William Sloan, minister of mines, has announced his intention to work for the imposition of a larger tax on fuel oil used in this province. Recently he stated that the use of oil meant the displacement of 1,000,000 tons of British Columbia coal and the loss of \$100,000 annually to the exchequer in revenue. Following requests made several years ago the Federal government imposed a small tax, but this, Hon. Mr. Sloan claims, has not been large enough to be effective, although it has netted Ottawa a large income. Now he proposes a provincial tax to be levied on consumption, the legal department having given the opinion that such a course is within the rights of the government.

### OVERHEARD AROUND NEW HAZELTON

A number from here attended a dance in Assembly hall, Hazelton, on Wednesday night.

T. T. Dunlop, district engineer, dropped off here Monday morning in connection with work in his department.

Fred Peterson has gone up to Moricetown for a short time to get out bridge timbers preparatory to the season's work.

Owing to the early break-up of the sleighing a number of the tie camps west of here have found it necessary to close for the season.

Hugh Harris was down from Nine-mile the first of the week and reports very bad weather on the hill. He hopes, however, to get the season's work started in a few days.

Rev. J. R. Hewitt started last Sunday to preach a series of four sermons on "The Cross" and on the fourth Sunday there will be a communion service.

### Premier Oliver Coming

The southern press recently announced that Premier Oliver was planning a trip through the northern part of the province in the near future. It is said his chief topic will be the fight he has been putting up for a reduction of freight rates from the east to the Pacific province.

The price of copper has been steadily advancing and is selling at 16 5/8 with excellent prospects of it going to 18c. The demand is greater than the supply and more copper properties are being opened up.

## New Survey of Kispiox Valley Now Proposed

At the regular monthly meeting of the Liberal Association held in Hazelton last Saturday night a plan was outlined by one of the Kispiox members for a resurvey of all the lands in that valley. It appears that when the land was surveyed years ago the surveyors did their work the same as if it was all prairie land, with the result that the Kispiox River cuts through all the farms bordering on its banks. Already a number of settlers have been carried to their deaths in attempts to cross that river in small boats. The new plan proposes to survey the land into long, narrow strips facing the river on both sides, but that no farm will cross the river. This plan would do more to aid settlement in the Kispiox than almost anything else. It is bad enough to have a railway cut across a farm, but a wide and treacherous river makes farming almost out of the question. More complete plans will be submitted to the Liberal executive at its next meeting.

## P. T. Association Stage Enjoyable Social Evening

One of the most successful nights of the season was Friday, when Terrace & Ktismukalum Parent-Teachers' Association whist-drive was held. This function was held in the G.W.V.A. hall and 14 tables were occupied for cards, the prizes going to:—Ladies' first, Mrs. Bleecker; ladies' consolation, Mrs. Brewer; gents' first, C. H. Thomas, gents' consolation, Mr. Anderson.

After whist, dancing of the most spirited type, voluntary music being rendered by Mrs. Burnett, Dr. Bleecker, Miss O. Greig, Miss Dobb and Miss Fowler. Mr. Bishop acted as floor manager and kept things humming. Lunch was served by the ladies at twelve o'clock. An exceptionally good time was enjoyed by all present.

### Market or no Market

The Farmers' Institute at Terrace is up against the testing time for its members. The Institute has agreed to market this year's produce, but the directors intimate that they will not take any steps in the matter until they are assured of 80 per cent of the crops, and it is up to the farmers to give the support asked or to continue the hand to mouth system which has been so unsatisfactory in the past.

The Herald is \$2 a year.

## Rainbow to Step Into Ranks of Shipping Mines

On the Rainbow group, on the Babine range, a small force of men has been working all winter, and now the property is about to step into the ranks of the shipping mines of the district. The group of claims originally belonged to Jos. Kelly and associates and last fall was purchased by James Wright, who has had J. J. Driscoll in charge of the development work. It is a silver property and for a long time has been considered one of the best prospects of the interior. The work done has demonstrated that the belief was well founded. The ore is a high-grade silver, about 18 inches wide and with a streak six or eight inches wide that will run \$300 per ton. Two drift tunnels have been run. The lower one, where the work is now being done, will give a depth of 200 feet. A good deal of ore is now on the dump and that ore, as well as that which is being mined, is being sacked. The first carload will be shipped in the very near future. The first of the week J. D. Galloway, district mining engineer, paid a visit to the property and expressed himself as very well pleased with the work done and the showing made. He advised the operators to continue the work along the same lines.

### More Phones Installed

A Dominion telephone has been placed in the Canadian National depot at New Hazelton for the benefit of the public. The ring is a long, three shorts and a long. This phone will be of great benefit to all the town people and also to the railway company. A phone has also been placed in W. S. Harris' home. The ring is a short, two longs and a short.

### No Winter Flying

Len Bell, manager of the Railway Employees' Investment and Industrial Asso., has been in town this week in connection with the proposed trial of the monoplane on skis. Owing to so little snow and the lateness of the season the boys have decided to abandon the winter trip. All effort will now be directed to the preparations for the first trip in the spring. The date will depend upon weather conditions. Mr. Bell went west from Hazelton Thursday morning.

H. P. Wilson, for five years inspector of Royal Bank agencies with headquarters at Vancouver and for a number of years manager at Prince Rupert, has been appointed manager at New Westminster. Mr. Wilson is very well known through the north.

## Galloway Saw Several Mines In The Valley

J. D. Galloway, district mining engineer, returned to Hazelton on Wednesday after spending a week around Smithers and Telkwa, and the various operating mines in those districts. He first went up on Hudson Bay mountain, where the Duthie interests have been doing very important and extensive work on the Mamie and the Henderson properties. Mr. Galloway found a great change in the mines since he was up last fall and says that the silver veins are opening up in a most satisfactory manner. At present nearly thirty men are employed drifting, cross-cutting and stoping, and in a very short time more men will be put to work as a result of the drifting and cross-cutting. Up to date four carloads of very high-grade ore have been shipped and several four-horse teams are still hauling ore to the depot. The snow is going pretty fast now and the probability is that for a short time hauling will be held up until the road is put in shape for wagons. This, however, will not interfere with the work going ahead at the mine.

When Mr. Galloway was in Telkwa he met Henry Lees, the engineer in charge of the work on Dome mountain. The report from that property is that the first work after the camp has been finished will be to sink, and then develop the plans as fast as conditions will warrant.

Gillespie & Wilson are now operating on the Betty coal mine a few miles up the Telkwa river and have been hauling the coal down, for both local use and for shipment to Prince Rupert where there is a demand for this high grade coal. In a short time they will also be held up as regards shipments until the roads are in shape for wagons, but work at the mine will continue.

### He Locates Water

D. F. Belknap, a well driller, who has met with a good deal of success in Smithers and other points in the Bulkley Valley, has just recently brought in a well with a fine flow of water on the Col. Cooper property at Moricetown. Mr. Belknap is located north-east of Telkwa about a mile and is prepared to find water for any farmer or for any town residents who are anxious to have a flow of pure water.

Olof Hanson got a hurry-up call from his home in Prince Rupert last Friday night and he went to the coast Saturday. His little daughter had fallen off a swing and broke her leg. She is now doing as well as possible.

Hon. A. M. Manson, attorney-general, recently issued a letter to all employers in the province requesting that they give the returned men, and especially those who have been left less efficient physically, every opportunity to secure employment. He points out that the government of the province has always given the returned man the preference and as a result a very large number is on the government payroll. All he asks of other employers in the province is that they follow the example of the government.

Travelling about the district it sounds good to hear from practically every person, "Oh, business is pretty good and the outlook for spring is the best for many years". Certainly the tie and timber business has helped materially in financing after a more or less short crop and a considerable drop in the price of most produce. There is a general feeling of optimism, and that is the first step toward good times.

In referring to Hon. Dr. King, minister of public works at Ottawa, a writer in an eastern paper says, "King, of B.C., is still so busy dodging patronage-hunters from his native province that he hasn't much time for anything else". Patronage, graft and British Columbia seem to be synonymous throughout the rest of Canada. A minister in one of the leading churches in Vancouver remarked a short time ago that public opinion needed to be Christianized. No doubt he had in mind something similar to the eastern writer.

In our issue of last week a letter from Dr. Bayne, of Prince Rupert, was published. It is hoped that it was very widely read and that it made an impression. While the letter referred to one particular locality and one particular profession, there was much in it which might well be taken into serious consideration by all parts of the country. Blaming the other fellow for our own shortcomings is probably the most prevalent disease in the north, and one which in no way can help ourselves or the other fellow, nor will it encourage any new people to visit or remain among us. Spring is approaching and the season to clean up. Why not disinfect our own minds, raise the storm blinds and let the sunshine in? A very careful search will, in nearly every case, uncover some good in the other fellow.

A number of Prince Rupert

people in California recently met and gave a complimentary dinner to F.G. Dawson, who was visiting in the south with Mrs. Dawson. Those at the banquet all expressed a keen desire to return to the north and Prince Rupert. It has been discovered that California is not yet the "Garden of Eden"—a fellow must work to live, and there is no work in California.

The general manager and the coast manager of the Canadian Merchant Marine will visit Prince Rupert shortly with F.G. Dawson of the Board of Directors of the Canadian National Railways. One thing Prince Rupert should take up with the managers is a faster handling of freight from the boat to the train. Interior points have long suffered from delay of several days owing to the way-freight leaving the coast almost immediately after the arrival of the boat from the south. All interior freight must lay over in Rupert until the next freight train. This is poor business for all parties concerned, including Rupert.

### Canada to Get Thoroughbreds From Britain

Five Shire horses as well as a number of sheep and swine, and, perhaps, a few cattle, are to be imported for breeding purposes into Canada from Great Britain by the Dominion Department of agriculture this year. The horses are being donated to the government by the Shire Horse Society of Great Britain. The director of experimental farms and the Dominion animal husbandman have sailed for England to assist in making the selections of the horses at the London horse show, which was held on February 22 and 23. It is intimated that these horses will form the nucleus of a large stud of Shires to be maintained at one of the western experimental stations. The hogs to be imported will include Yorkshire, Tamworth and Berkshire boars of bacon type.

While overseas, occasion will be taken by Mr. Archibald, the director of the experimental farms system, to visit Denmark and make an investigation of the bacon swine industry, more particularly with regard to breeding and feeding methods employed in that country.

### Rebuild Kispiox Bridge

T. T. Dunlop, public works engineer, was down this week and visited the site of the Kispiox bridge. He sized up the situation and decided that the new bridge will go in at the same place as the old one. The work will be undertaken just as soon as the material can be placed on the ground. It is understood that the material has been ordered from the mill. Mr. Dunlop has stated that the new ferry across the Skeena at Hazelton will be ready to launch as soon as the river is open.

### ARRANGE WORLD'S DAIRY CONGRESS

The international character of the dairy industry is responsible for the organization of the World's Dairy Congress Association. Under the auspices of this body and of the government of the United States a World's Dairy Congress has been arranged to be held in Washington from October 2 to 5 this year. The vast extent of the dairy industry and its international status are recognized by those responsible for the congress Scientists, health officials, government officials, social welfare workers, producers, manufacturers and distributors of milk and milk products will contribute to the discussions. These will relate to improving the quality and reducing the production and handling costs of dairy products and improving national health through their more general use. The international aspect of the commercial side of dairying has not been overlooked. It is recognized that the movement of surplus dairy products from Australia, New Zealand, the Argentine Republic and South Africa northward profoundly affects the prices in Canada, the United States and Western Europe. The Congress is called together by President Harding, who has been authorized by Act of Congress to invite foreign representatives to attend.

Province of British Columbia Department of Lands

FOREST BRANCH

### Examination for the Position of Assistant Forest Ranger

**OBJECT—**  
These examinations are for the purpose of filling present vacancies and to enable candidates to qualify for future vacancies and increases in staff.

**ASSISTANT FOREST RANGERS—**  
Assistant Forest Rangers are employed during the fire season of each year and this period is extended where possible by work on improvements such as trails, etc. Re-appointment is made each year as long as satisfactory service is given. Promotion to the permanent staff is made by merit and examination as occasion offers. The salary is \$100 per month the first year and \$110 per month the second year, and \$120 the third year. Travelling expenses are also paid.

**QUALIFICATIONS for CANDIDATES**  
Candidates must be British subjects resident in British Columbia for at least one year, of good character, good physical condition and with woods experience.

They should have experience in fire fighting; possess the ability to organize work and handle men; and have knowledge of the Forest Act.

The examinations are partly written, partly oral and are designed to test the candidates' ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by the examining board.

**PREFERENCE IS GIVEN TO RETURNED SOLDIERS WITH THE NECESSARY QUALIFICATIONS.**

**THE EXAMINATIONS—**  
The examinations will be held at the places and on the dates named below. Each intending candidate should apply to the District Forester of his district for application forms and for information regarding the hour of the examination and the building in which it will be held. Application forms should, in each case, be filled out and mailed to the District Forester in time to reach him at least two days before the examination.

Place Date Forester at  
Prince George March 22 Prince George  
Smithers March 27 Prince Rupert  
G. R. NADEN,  
3637 Deputy Minister of Lands.

### Quick and Deep Creek

Mr. Lunn is on the disabled list this week.

Barger & Bourgon are looking for a few more tie hackers.

Mrs. Swift and Mrs. Lamb took tea with Mrs. D. Greene Sunday.

Are those pussy-willows trying to rush the season, we wonder?

Several of the young folks took in the dance at Telkwa on the 23rd.

W. K. Cunningham was obliged to lay off the tie hacking last week on account of a lame shoulder.

W. Lashbrook is again compelled to return to the hospital for treatment. J. H. Beattie is looking after the ranch.

Most of Deep Creek turned out on Saturday evening and prevented Mr. and Mrs. Wakefield from getting any sleep until 3 a.m., and if nothing prevents, it is the intention to do the same to Mr. and Mrs. Jas. Smith on March 10.

### Forestdale

Mrs. A. G. Sturgeon is on the sicklist this week.

D. D. Munro, of Telkwa, was a caller on Saturday last.

M. F. Nourse, of Burns Lake, was at Forestdale this week.

Robert Gerow, of Burns Lake, was a business visitor here this week.

E. Twaddell and family, of Burns Lake, have moved into the railway station here. Mr. Twaddell has taken charge of the section.

This damp, mild weather which precedes the real spring is responsible for the epidemic of colds and similar ailments to which we have fallen heir.

The district was shocked when the sad news came that Mr. and Mrs. James Barron had lost their five-weeks-old boy (Edward Henry). Both parents were sick at the time, and Mrs. J. Mould stood by to the last, everything that was possible being done to save the infant. The remains were interred near the home, and the Rev. J. H. Kerr conducted the service.

### Premier Oliver Coming

The southern press recently announced that Premier Oliver was planning a trip through the northern part of the province in the near future. It is said his chief topic will be the fight he has been putting up for a reduction of freight rates from the east to the Pacific province.

Olof Hanson got a hurry-up call from his home in Prince Rupert last Friday night and he went to the coast Saturday. His little daughter had fallen off a swing and broke her leg. She is now doing as well as possible.

## FARMERS CAN HELP COLONIZATION

IN CONFECTION WITH THE IMMIGRATION CAMPAIGN BEING CARRIED ON OVERSEAS

## CANADIAN NATIONAL RAILWAYS INDUSTRIAL and RESOURCES DEPARTMENT

WILL RECEIVE APPLICATIONS FROM FARMERS PREPARED TO ENGAGE FARM HELP (MALE OR FEMALE) FOR A PERIOD OF ONE YEAR AT RATES OF WAGES CURRENT AT TIME OF ENGAGEMENT

Farmers are to make application on a form that may be obtained from C.N.R. Station Agents. C.N.R. representatives overseas will endeavor to secure the class of help required in Great Britain, Belgium, Switzerland, Denmark, Holland, Norway and Sweden. The Governments of these countries stand ready to assist this class of their people to emigrate to Canada, but feel that they should be assured of employment for at least one year in order to gain sufficient Canadian farming experience to fit them for going on farms of their own. Farmers who are able to do so can thus assist in colonization work by engaging help by the year. There will be no charge to the farmer for our service, nor will the farmer be required to make any cash advance for the travelling expenses of his help to the nearest railway station. The information necessarily asked for in these application forms, which will be held in strictest confidence, includes: the kind of help required—male or female—married or unmarried; date required and for how long; nationality desired; monthly wages offered; kind of work offered, etc.

APPLICATION FORMS FROM LOCAL STATION AGENT

Mrs. Dover is down with a very bad cold.

D. D. Munro was in town during the week.

Mrs. Warne is expected home from Carcross in about a month.

J. MacIntyre went to the coast on Wednesday for a few days.

Mrs. Vital Soucie and Mrs. D. McKinnon went to Prince Rupert on Wednesday.

Mrs. Ross has returned home from Washington after being away some months.

The Farmers' Institute is investigating lime deposits near the Little Canyon.

Mrs. Marsh is improving. She has been two or three weeks much below par.

On the heights the log-hauling is very difficult, while down below the snow has all gone.

An examination for fire wardens is to be held at Smithers towards the end of this month.

Capt. Johnson, of the provincial liquor control board, paid a visit to Terrace on Friday on business.

Mr. and Mrs. W. Morphy have gone on a visit to Seattle where they propose spending a few months.

Before leaving for Rochester, N.Y., Mrs. Parsons was made the recipient of a purse from the Ladies' Guild.

The timber inspectors have been busy this week and many carloads of ties and poles have been shipped.

The monthly meeting of the Women's Auxiliary was held at the home of Mrs. Frank Ross on Wednesday and was very successful.

H. Lewis Sharpe, who is well known here, is going to Surf Inlet, where he is taking up secretarial duties.

Mrs. J. K. Gordon and her son, Frank, have gone south by way of Vancouver and Seattle and expect to be away for a few months.

Capt. and Mrs. Colthurst went to Vancouver on Friday, Mrs. Colthurst being on her way home to bring their children over here.

Rev. J.H. Young has had a bad time with a severe cold. He was unable to take service in the Presbyterian church on Sunday and Rev. T. J. Marsh took his place.

Prospecting in the Kalum Lake district is being carried on with energy and it is confidently stated that the spring will see the number of people engaged multiplied several times.

John Pinder Moss, director of the Northern Polytechnical Institute, proposes to visit Terrace shortly with a view to considering the provision of technical and vocational education in the district.

Fred Bishop is getting into the picture show business O. K. He has his films booked ahead for a year, so that there should be few annoying failures. Only good stuff is coming Terrace way.

There was a Parent-Teacher meeting in Progress Hall, Thursday evening. From now on the local P.-T. Association will meet on the second Thursday in every month. Everybody welcome.

Convenor.

James Richmond is having a meat department partitioned off at his store and when completed he will be able to keep fresh meat and provisions in perfect condition all through the warm weather. The meat department will be screened off and there will be installed one of McClary's best refrigerators. The addition should be quite a drawing card.

Rev. T. J. Marsh held service in Usk last Wednesday night.

Among the visitors registered at the Tourist Hotel were:—F. Gullett, H. McCoy, Usk; T.H. Johnson, J. M. Hockin, Vancouver; P. Terrier, Hanall; Joe Bent, H. L. Sharpe, Prince Rupert; Guy A. Wesley, R. Milton, Amesbury; C. Childs, Nelson; L. Aisthorpe, Prince George; E. Lind.

Registrations at the Terrace Hotel this week include:—J. C. Knight, J. E. Ornheim, R.A. Harlow, M.M. McLochlan, Prince Rupert; S. V. Ardagh, New Hazelton; W. Brackenbury, Amesbury; H.W. Sharpe, Hazelton; C. A. Rogers, J.H. Hamilton, Vancouver; R.P. Wilmut, Victoria; G.A. Cowell, C.N.R.; J. Cott, R.H. Eaton, F. Dobie, J. D. Albert, P. Brodin, T. Johnston, T. Olson.

### Was Knocked Out

A rather serious accident befel A.P. Chennette on Monday night. He was driving a team with poles on a bob-sleigh between Terrace and the Skeena and was keeping to the ditch to avoid the bare ground. His rig struck and knocked down a telephone pole which struck him in its fall and threw him off the sled into the bush among some slashed willows. Rev. T. J. Marsh came along shortly and noticed the team without a driver. He stopped the horses and W. Jones then came up. Mr. Marsh went back and found Chennette just recovering and still in a very hazy condition. He led Chennette back to his team and Jones saw him home. Chennette was rather badly hurt about the head and body.

## Usk

Skeena's Industrial Centre

Last Saturday noon the Kleanza mill shut down for a day or two and that evening E. F. Duby went to Prince George to pick up a few good men for various departments at the mill. Upon his return operations were resumed.

As soon as weather will permit the placer miners will resume the work started on the Kleanza creek upper benches that was started last fall. Some good money will be taken out this spring and summer.

Ralph Myrick and Chas. Morrison, for some time residents of Usk, left for Vancouver Sunday.

Mrs. E. M. Withlow left for Prince Rupert Sunday, on business.

Archie Beatty, of the contracting firm of Greer & Beatty, Rupert, arrived Saturday night to overhaul the Kleanza aerial, in the meantime the mill is temporarily closed down pending the repairs.

Word has been received from the Rupert hospital that John Bjornstad is extremely low, suffering from cerebral-spinal derangement, and is in a critical condition.

Mrs. L. C. Bunn and her son John, left for Prince Rupert on Monday, where she is arranging to make her future home, so as to give her family better facilities for higher schooling and closer relation to future activity.

Joe Greer, Prince Rupert, arrived Monday to assist A. Beatty.

Rev. Father Allard held service at the Bethurem hall on Tuesday morning and held mass at the Wells' residence on Wednesday.

James Fea, was a visitor here Sunday and was a guest at the hotel.

Fred. Stewart is expected back Wednesday night from Rupert, where he has been for a few days visiting the dentist.

Mrs. T. Walsh, Dorreen, paid a visit to her aunt, Mrs. P. R. Skinner. John Sparks is also a guest there, coming in with his niece.

## Here and There

Renfrew, Ont.—Mr. Ritchie, the station agent of the Canadian Pacific Railway, has received instructions from headquarters to rigidly enforce the no trespassing order on the property of this company. This is particularly in reference to people walking down the railway track. When accidents happen it always entails a trouble to the company and lately there have been complaints that school children have been using the railway as a thoroughfare.

Vancouver.—"I have been in the Alps and the Pyrenees, but I have never seen anything that can compare with Banff," said William Faversham, famous English actor, when speaking at Hotel Vancouver. Mr. Faversham spoke of the wonderful international dog races staged at the winter carnival, and said that he had on special invitation visited the great motion picture plant at Banff.

Ottawa.—The Canadian National Parks Branch of the Department of the Interior is commencing the construction of a hydro-electric generating station in Cascade creek in Banff National Park to supply light and power for the town of Banff, Alberta. The dam at the outlet of Lake Minnewanka constructed in 1912 to provide storage facilities, will be utilized and will ensure a steady flow of water for power purposes without further impairing the scenic attractions of the locality. Electric power for Banff is at present obtained from the steam plant of the Bankhead Mines. The work will be undertaken by day labor.

Winnipeg.—Seven thousand cars of grain have been loaded between September 1, 1922, and Feb. 1, 1923, for the western coast by the Canadian Pacific Railway. This represents 10,234,000 bushels of grain for export from Vancouver. The shipments comprised 6,175 cars of wheat, 162 oats, 16 barley and 50 rye. Exports from the western coast were destined as follows: The Orient, 896,880 bushels, and the United Kingdom 987,905 bushels. As at January 31, there were 900,000 bushels of Canadian Pacific grain in the elevator at Vancouver and 500 cars in transit carrying 735,000 bushels of wheat. The present movement west is averaging 25 cars a day.

Fort William.—The contract for the construction of a building to replace number five freight shed, was awarded by Canadian Pacific Railway officials to the C. Hall-Aldinger Company, of Winnipeg. It provides for two fire walls which will divide the new structure into three compartments.

The new dock along the new shed will be of concrete. It is the present intention to use the end of the shed nearest the Canadian Pacific Railway subway for the handling of local freight instead of the end nearest the city subway dock as was the case with the old shed. It has been decided that the new arrangement will be more satisfactory to company officials and to concerns having business with them.

Discussing the new shed to-day, D. C. Chisholm, division superintendent, said that the new structure would be of frame construction very much like the shed it will replace, aside from the fire walls and the concrete wharf.

Winnipeg.—Under the auspices of the railways, the provincial government and livestock associations of the province, two livestock improvement trains, similar to those which toured the province last year, will again be operated in Manitoba during the coming summer.

The 1923 trains are to be known as "the Livestock Improvement Trains." They will give attention to the following departments: The benefit of improved quality in cattle; demonstration and sale of pure-bred sires, both beef and dairy breeds; the production of fodder crops; the dehorning of cattle and other work in connection with the cattle industry; the breeding, feeding and marketing of bacon hogs; the demonstration of desirable mutton types and docking and castration of lambs; demonstrations and lectures on poultry raising, with the selling of eggs for hatching purposes; home economic lectures and demonstrations for women and lectures and education motion pictures for girls and boys.

The dates for the trains will be from Monday, April 30, onward for four weeks. This will cover about the same dates as last year which were found very satisfactory.

## Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions, and surveying land.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emption are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for 5 years.

Provision for return of moneys advanced, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole or original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1923.

GRAZING.

Grazing Act, 1910, for systematic development of livestock industry provides for grazing districts, and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

## HAZELTON NOTES

The W. A. met at Mrs. Walton Sharpe's yesterday afternoon.

Miss Mayer and her brother left Thursday morning for Vancouver.

E. F. Duby, manager Kleanza Co. at Usk, was in town a couple of days this week.

Harry Miller was down from Telkwa for a couple of days the first of the week.

Mrs. Wm. Grant has returned from Smithers, where she was visiting her daughters for a few weeks.

R. H. Ferguson, of Victoria, arrived Tuesday morning and will spend some considerable time here.

C. W. Dawson was a visitor to Prince Rupert the first of the week and came home with several otter skins.

Bishop DuVernet will preach at a native service in the Church Army Hall Saturday evening at 7.30 o'clock.

Miss Hanna, teacher at the local school, spent the week-end visiting her sister, Mrs. H. Welch, in Smithers.

Tea will be served and there will be a candy booth at the home of Mrs. (Rev.) Proctor, on St. Patrick's day from three to six. Proceeds in aid of Women's Auxiliary.

The Ladies' Hospital Auxiliary will meet at the home of Mrs. Walton Sharpe on Wednesday next and thereafter will meet every second Wednesday for work.

The quarterly board of the Union church met in the Hazelton church last Sunday evening, when nominations were made for the new officers to be elected at the next meeting in May.

The young men gave a dance in Assembly hall on Wednesday evening which was greatly enjoyed and also well attended. It was a farewell to Miss Mayer and her brother.

Most Rev. F. H. DuVernet, D.D., Archbishop of Caledonia, will be here for Sunday, the 18th. There will be confirmation service in the morning at 11; native service at 3 p.m., and evening service at 7.30 p.m. There will be special music at all services and all heartily welcome.

On Monday, March 19th Bishop DuVernet and Rev. T. D. Proctor will go to Kitwanga and hold a confirmation service in the evening. There is a large class of candidates. On Tuesday they expect to go to Woodcock and Cedarvale. At a later date they will visit Kitwanoole.

There was a very enjoyable evening in the Union church last Friday. A good number were present and most of the evening was spent in games and social chat. A feature of the musical part of the program was a duet by Nookie Wattie and James Cox. A collection was taken and the proceeds went to the funds of the church.
